Picture Image Print Help documentation

Opening Screen

Selections:
    Info
- The Info button takes you to the application help document.
    Search
- Search is a text entry field that you will key in a search term then hit enter. The application will search Flicker and return images related to the search term you entered.
    Actions
- You can share and print from the action list.

How To:

- Type the name of what you are looking for in the search box. Then press return. Below shows results for "Truck" and then "Car". You can scroll to see previous searches.

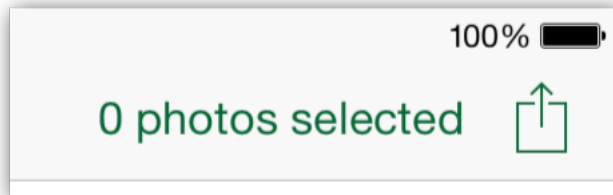

- Select and image to view it as a larger image.

Select the actions button to initiate selecting any number of images to do something with them.

You will then see…

- Select images you would like to take action on. Then boarder around the pictures you select will change color indicating that they are selected. Clicking on a selected image again will unselect it.

- Select the actions button again to share, save, or print your selected images.
